

PASSE-PARTOUT

design
SERGIO BELLIN

SitLand®

ALREADY A BEST SELLER FROM THE NAME

Passe-partout is the collection of chairs designed to satisfy the needs of waiting areas and meeting rooms, with utmost comfort and elegance. A product suitable for any need and style.

COMFORTABLE

Passe-partout ensures a high level of comfort thanks to the back and seat pad in flexible polyurethane, crushproof. In particular, Passe-Partout seat pad is ergonomic, in flexible cold injected polyurethane foam, crushproof, with "Comfort-Air" technology.

STYLISH DETAILS

Passe-partout stands out for its details: the arms are integrated in the frame in high-resistance steel tube, featuring in the sled-version, elegant tapered fine weld joints. The arm covers can be matched to the seat upholstery or available in black polyurethane.

TIMELESS ELEGANCE

Passe-partout collection boasts a wide range of valuable upholsteries embellished by a matelassé pattern characterised by handcraft stitching that enhance the silhouette.

MANY NEEDS, ONE COLLECTION

Passe-partout collection is available in the guest version on sled-frame and swivelling meeting version on casters with seat featuring adjustable height or fixed seat, return memory and 4-star base with fixed gliders.

A series of chairs that matched to each other, confer a touch of style and satisfy different needs of use.

UNI EN 1022 CERTIFICATION

Passe-partout comply with the norm UNI
EN 1022.

Tests are performed by

on the model Passe-partout visitor sled
structure with high back upholstered.

PCON.PLANNER

It is possible to configurate our model
Passe-partout by using pCon.planner
program for the design of 2D an 3D
environment.

pCon.planner allows to design working
solutions in a fast and intuitive way,
creating "realistic" images with advanced
features, with a considerable saving of
time and resources.

It is easy to start using pCon.planner:
after downloading the software in the
proper page, it is possible to download
pCon.catalog, the practical online
catalogue of products ready to be set up
according to anyone's need, and then
include the products in the projects.

For more information on the use of pCon.
planner and the access to the products of
the SitLand's catalogues, please contact
com@sitland.com
